

WHOA THAT PAGE CANNOT BE FOUND

Try the **SEARCH** function in the main navigation to find something. If you are looking for chapter information, please see [Chapters](#) for the correct chapter. For information about OWASP projects see [Projects](#). For common attacks, vulnerabilities, or information about other community-led contributions see [Contributed Content](#).

If all else fails you can search our [historical site](#).

The OWASP® Foundation works to improve the security of software through its community-led open source software projects, hundreds of chapters worldwide, tens of thousands of members, and by hosting local and global conferences.

Spotlight: mindsetters OG

Two IT security experts from the province of Salzburg. We work with companies of all sizes that want to protect themselves sustainably against cyber threats. Our tools are not based solely on technology but more on the right mindset. With the right mindset, you get awareness. With good awareness you reduce risk, and that is exactly what we strive for along with our customers.
